Bug Report 2

*Environment Information: *

Visit URL:: <https://dashboard.bditto.com/chat/group/1599>

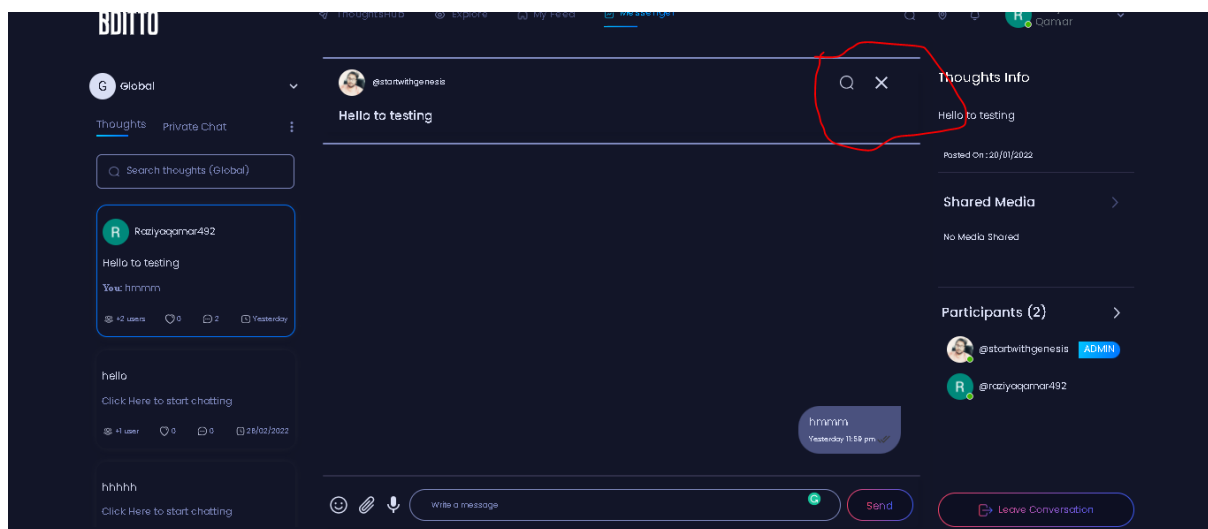

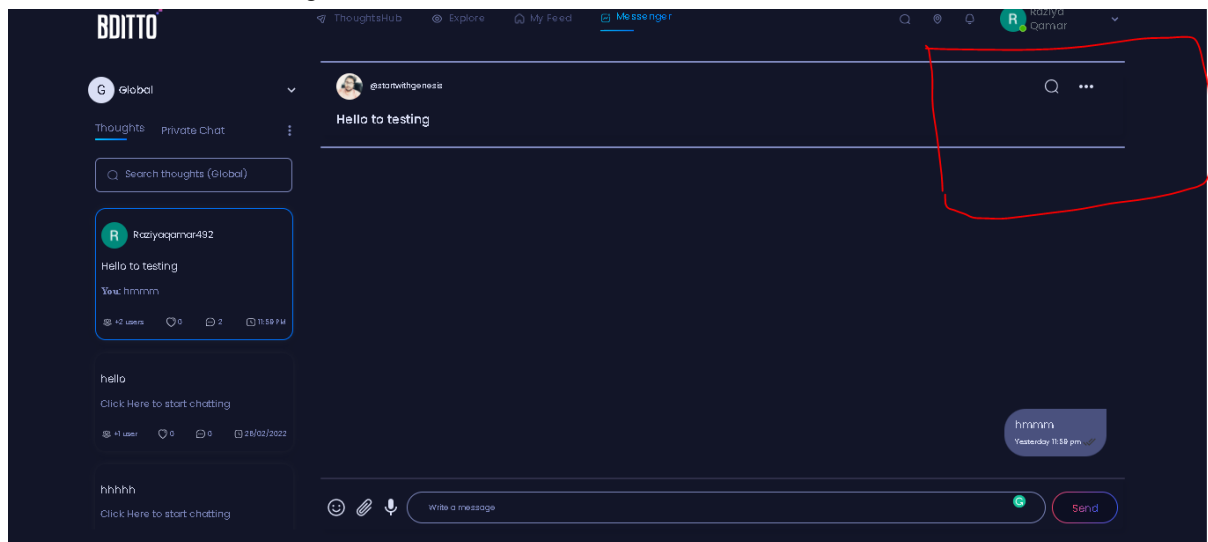

Credentials used to test

Login with google account and given creadentials

#What issues occurs?

1. Need closed chat option.

Issues: Because when I maximize the chat and click to 3 dots, I got a cross sign for closed but when I click to cross it's again maximized the chat window.

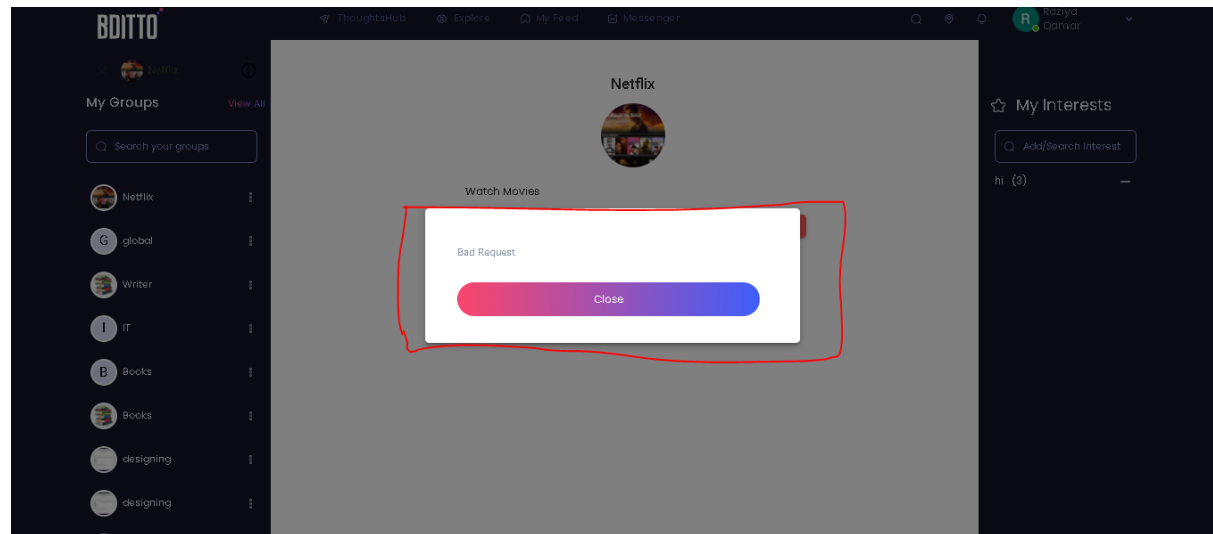

Bug Report 3

*Environment Information: *

Visit URL: <https://dashboard.bditto.com/group/69>

- Issues: 1. When I tried to join a specific group like IT, Netflix I got notified with “Bad Request”.
2. Then I want to close that group but there is no option for a closed group and I tried to click outside of the group box to close the group popup but not work.

Suggestion: Need Closed group option and any back button

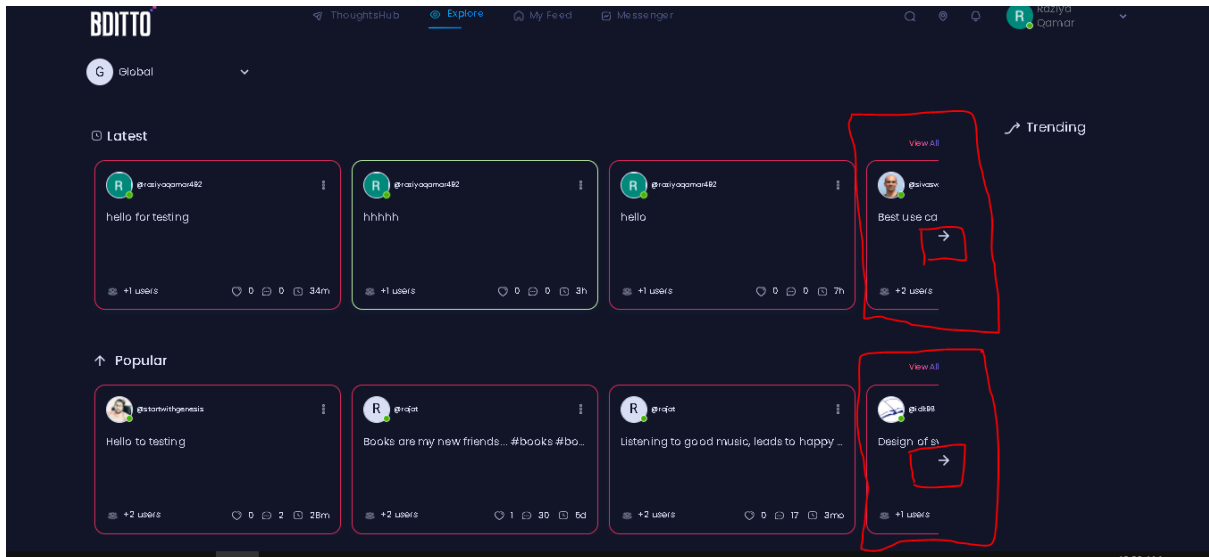

Bug Report 4

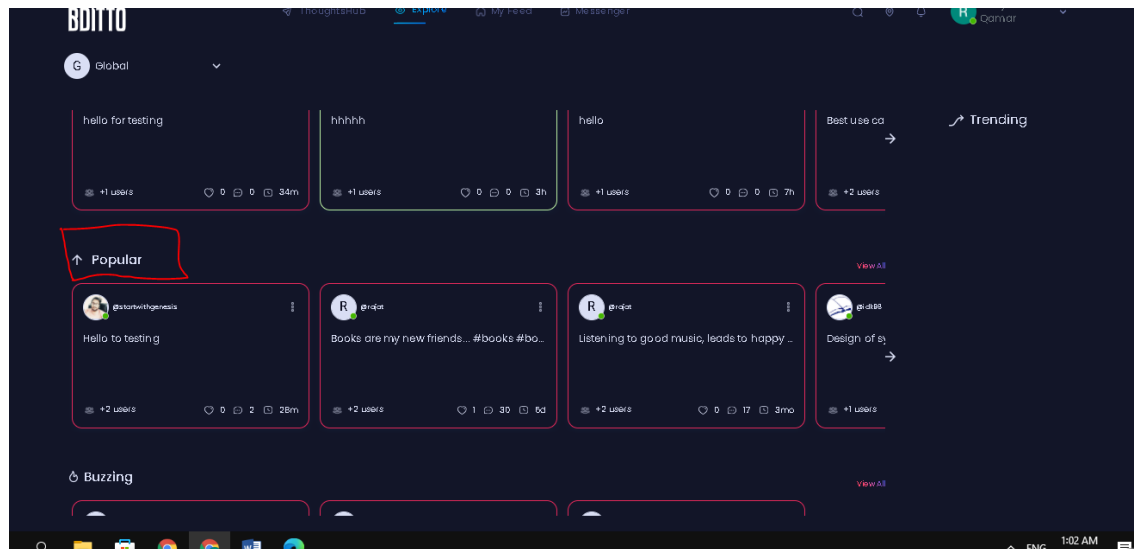

*Environment Information: *

Visit URL: <https://dashboard.bditto.com/explore/thoughts/all>

- Issues: 1. When I click to Explore option from top menu bar, in Explore page the latest, popular and Buzzing section after 3 column the next column is displayed half column.
2. The next button is not working in latest, popular and buzzing section.

3. In popular section top arrow is not working.

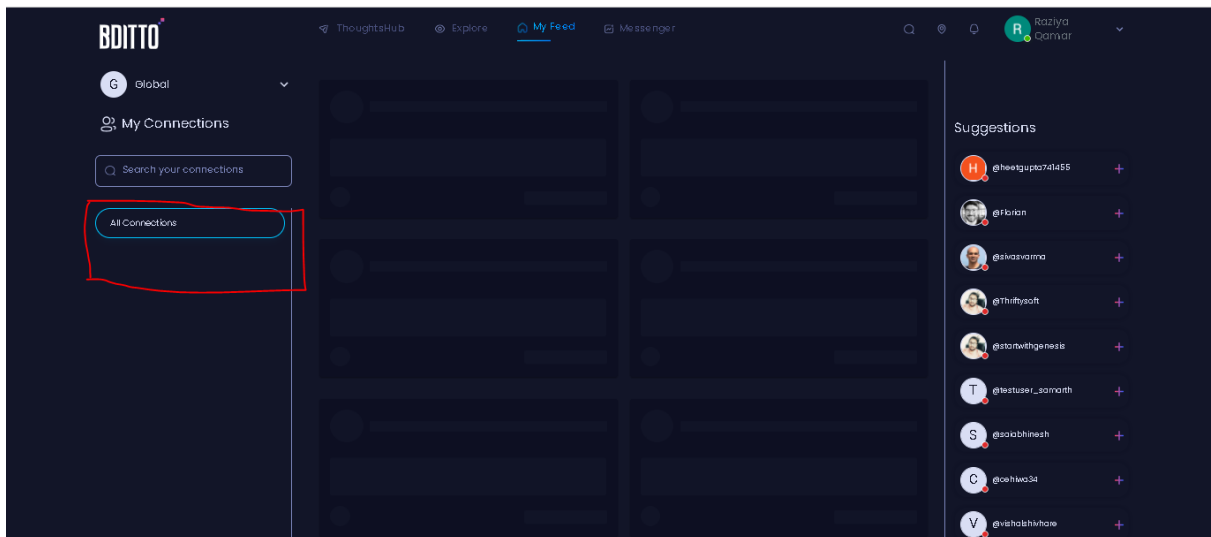

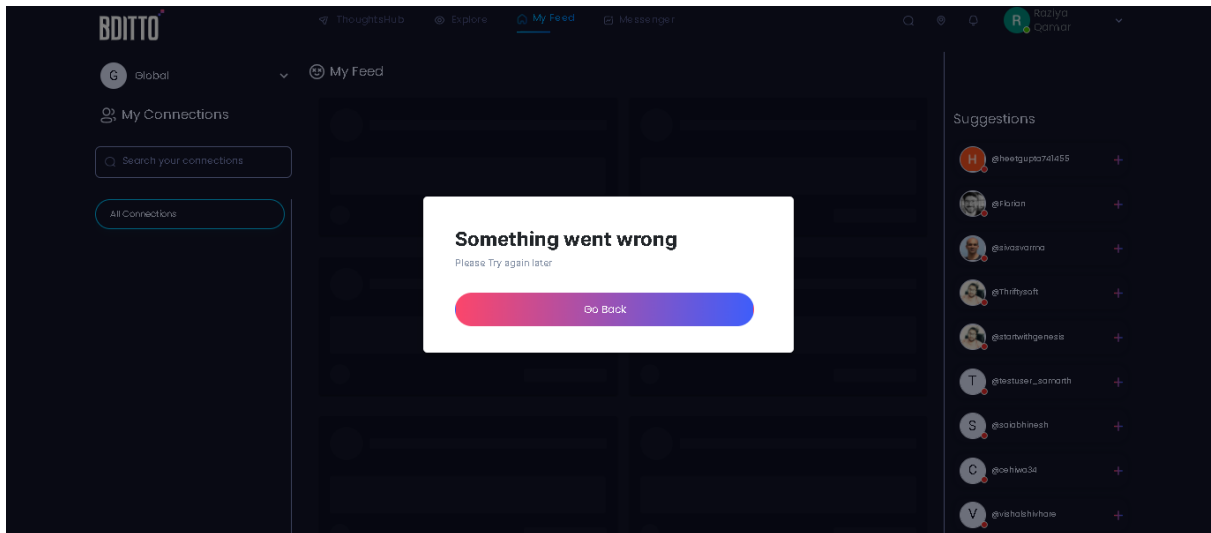

Bug Report 5

*Environment Information: *

Visit URL: <https://dashboard.bditto.com/myfeed>

Issues: 1. When I click to My Feed option from top menu bar, in My Feed page I got notified with “Something went wrong”, And when I click to Go back option nothing is change and get notified with same issue “Something went wrong.”

2. When I click on All connections in the left sidebar, nothing displays.

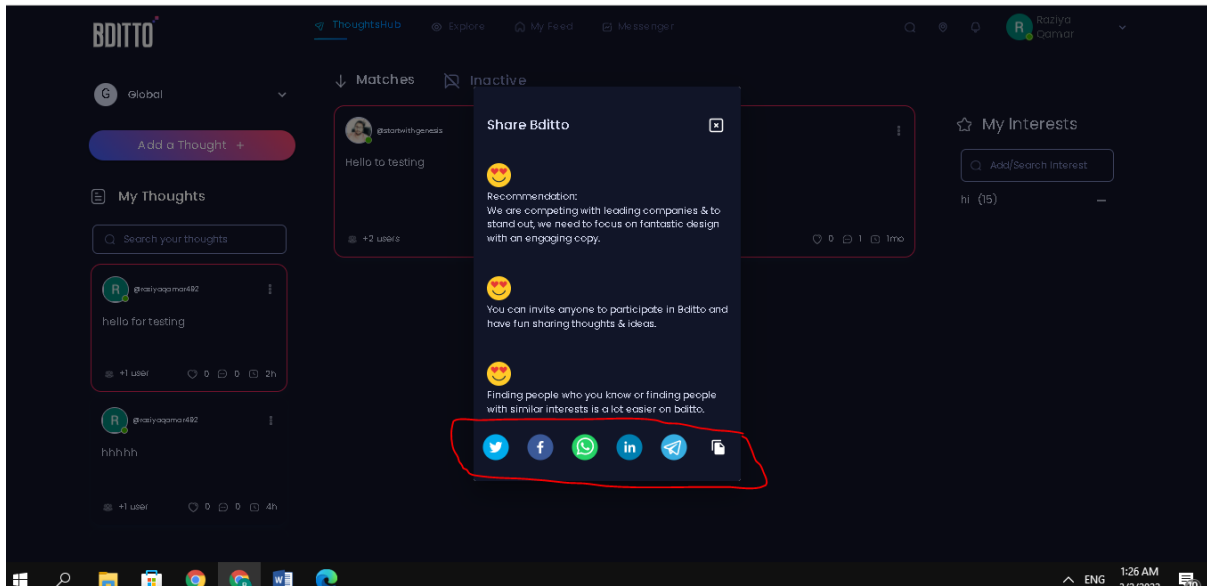

Bug Report 6

*Environment Information: *

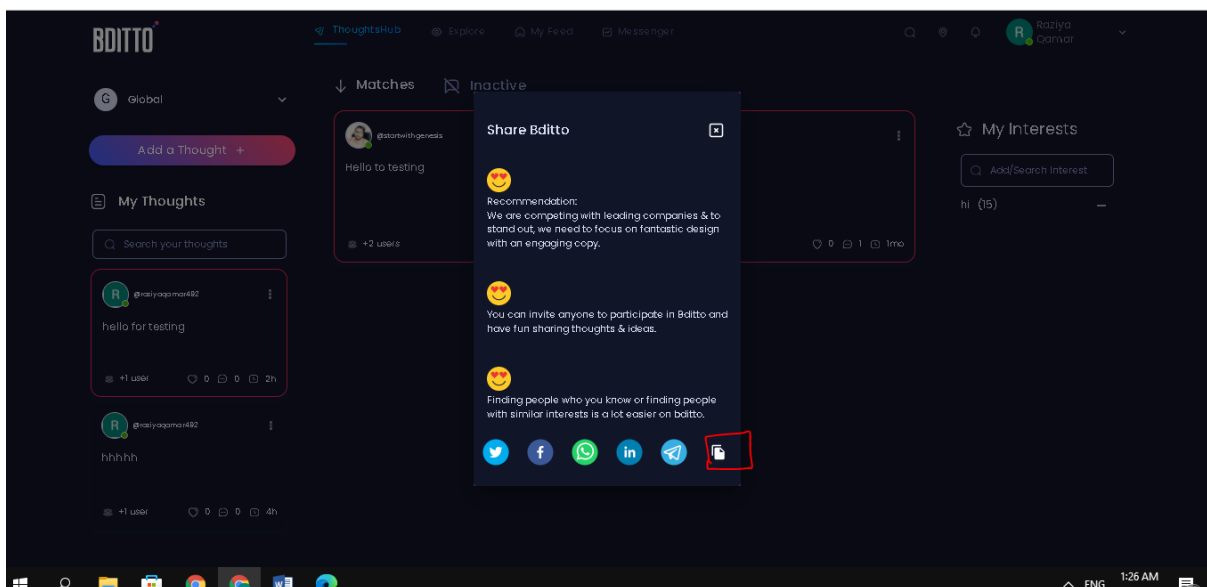

Visit URL: <https://dashboard.bditto.com/>

Improvement:

In share, section need some more option for sharing this app with multiple users.

Icon with copy URL name.

Bug report 7. (In mobile views)

Issues: When I click on the left menu in Mobile Responsive, it does not work.

2. Backward and forward arrow not working in chat group section in mobile responsive.

As well there are many things which are not working in mobile responsive such as call, video call option, Admin button etc.
